VI. OLD BUSINESS

VII. NEW BUSINESS

- A. Prerequisites – Content Review: Prerequisites were discussed at the request of the District’s Ad Hoc Content Review committee. This was the question: When a shared course implements an out-of-discipline prerequisites, should all departments across the district agree on the prerequisite, or should the local curriculum chair simply notify the other curriculum chairs? Feedback included keeping the status quo, noting that the colleges have different student populations and might require different prerequisites. Other feedback included that it may be beneficial to students for courses that are graduation requirements to have the same prerequisites throughout the district. Committee feedback was then reported to DCCC.

VIII. ADJOURNMENT
