

Overview

The Stem-Score™ Assessment is being utilized by Sacramento City College to help students navigate their way through the various programs, from first enrollment to completion of their educational goals.

Objectives

The primary objective of today's assessment is to determine a student's strengths and/or challenges regarding three specific nonverbal skills.

- Proportional Reasoning
- Spatial Ability
- Pitch Pattern Perception

Beginning Instructions

To begin, you will be seated at a computer station of some kind. You will then plug in headphones to hear the instructions and portions of the assessment itself. When you are ready, go on to the following steps:

1. If an Internet browser is not already open, please do so at this point.
2. Please type in "stem-score.com" in the ADDRESS BAR (do not perform a "Google" search).
3. Click on the button in the lower left corner titled "STUDENT MEASURE".
4. You will then enter the temporary "Customer ID" listed below (note: you must type it in exactly as shown).
5. From this point forward, you will be directed by the assessment program itself (directions, tasks, etc.).
